

Discussion Section Submission

3 Extra Credit points

Name: _____ ID#: _____

Directions: If you wish to have some quick feedback from your instructor on the Discussion section of your final paper, please submit it by the due date in the Course Schedule. It is worth 3 extra credit points.

This will not be due until after the treatment phase has ended as you need some time to process all the data and generate graphs for the Results section, and then reflect on them in the Discussion section.

Be advised, the feedback you receive will be very general given how much grading is going on at this time and the fact that the final paper is due in full within about a week.

Please submit the Discussion section, if you so choose to, in the appropriate drop box in our Learning Management System, or in class, depending on what your instructor requires.

Please see the Course Schedule for the due date of this section.

No late work will be accepted.

Rubric – From the Final Paper Rubric

IV. Discussion ____ /3 extra credit points		Were the main findings of the study summarized? (2) Was there an interpretation of the findings (10) Were 2-3 strengths listed and described? (4) Were 2-3 limitations listed and described? (4) Were implications and future research discussed? (4) Was there a description of how to move to the maintenance phase and prevent relapse? (5) Was the self-efficacy statement discussed? (1)
