

Method Section Submission

2 Extra Credit points

Name: _____ ID#: _____

Directions: If you wish to have some quick feedback from your instructor on the Method section of your final paper, please submit it by the due date in the Course Schedule. It is worth 2 extra credit points.

The benefit of doing this is to know if you are on track, but more so, to have it finished well ahead of the final paper being due. Be advised, the majority of the Method section is written from the proposal and so why it can be completed and submitted while the treatment phase is still going on. You will have to write the Participation section and a bit of the Procedure section.

Please see the Course Schedule for the due date of this section.

No late work will be accepted.
