

## Results Section Submission

### 3 Extra Credit points

Name: \_\_\_\_\_ ID#: \_\_\_\_\_

**Directions:** If you wish to have some quick feedback from your instructor on the Results section of your final paper, please submit it by the due date in the Course Schedule. It is worth 3 extra credit points.

This will not be due until after the treatment phase has ended as you need some time to process all the data and generate graphs.

Be advised, the feedback you receive will be very general given how much grading is going on at this time and the fact that the final paper is due in full within about a week.

Please submit the Results section, if you so choose to, in the appropriate drop box in our Learning Management System, or in class, depending on what your instructor requires.

**Please see the Course Schedule for the due date of this section.**

**No late work will be accepted.**
